Guarantee

All bulls have passed a breeding soundness exam. We will now offer to co-op with bull buyers to purchase Bull Mortality & ASD Infertility insurance through Martin-Trudeau Insurance, Mitchell, SD. Seller will pay one half and buyer will pay one half of the premium for coverage against death, infertility, and injury. A representative of Martin-Trudeau will be available sale day. If buyer declines this coverage he/she assumes full risk for bull. We would suggest that normal care still needs to be exercised toward these animals and particularly yearling bulls to maintain adequate body condition.

Herd Health

All cattle will be accompanied by proper health certificates for immediate shipment. All females have official calthood vaccinations and bulls over 12 months of age are fertility tested.

Trucking

Truckers believed to be reliable will be available to assist you in shipping your purchase.

Terms and Conditions

Cattle will sell under the standard Terms and Conditions recommended by the American Angus Association.

EPDs

EPDs printed in the catalog are current as of April 9, 2019
